

Funding Information

ECPAT International is the only global network of organisations dedicated to combating the commercial sexual exploitation of children. At the World Congress III, we want to follow up on what countries have achieved in the fight to combat the commercial sexual exploitation of children, share good models for prevention work, provide advice and information to stakeholders, propose key follow-up action and much more to further our mission in bettering the lives of children.

By assisting ECPAT International with the mobilization of resources for the organization of the World Congress III against Sexual Exploitation of Children and Adolescents, you will be helping to protect children all over the world from commercial sexual exploitation and support those recovering from these crimes.

As a company or organization, your generous donation to support ECPAT International in the World Congress III will provide you with an excellent opportunity to prove your social commitment and enhance your profile.
